KLEIN ACCIDENT UNAVOIDABLE, IS CORONER'S VIEW

No Inquest Planned in Death of Elderly Sault Locksmith.

FUNERAL TO BE SUNDAY

"An unavoidable accident" caused the death of Max Klein, who died Thursday at the War Memorial hospital of injuries suffered when he was struck by a car driven by W. E. Davidson Wednesday night.

Testimony this morning of Thomas Paris of 324 Maple street, was that he met Mr. Klein Wednesday night almost in front of the Log Cabin Cafe.

Dr. Cornell said that when he was at the intersection the traffic signal light was on green, thereby embarrassing, said Dr. Cornell, that Mr. Klein answered Mr. Paris' light with him as he drove north.

Reputation As Fencer. For several years Mr. Klein was a gymnasium teacher in Saginaw, and during this time he gained a statewide reputation as a fencer.

Miss Drennan, 20, ended her defense yesterday of the charge she shot and killed Paul Reeves, 25, father of two children, declaring she did it in self-defense.

Confusion was hushed by Judge Adrian Lyon who told the jury summations would be deferred until the next day if they preferred.

Earlier in the day Miss Drennan, who appeared calm throughout Mrs. Reeves' outburst, told the jury she shot Reeves to escape an alleged attack in his darkened bungalow September 7.

Deaths of Other Men to be Bared Before Jury

Hahn Defense Loses Fight to Exclude Testimony.

CINCINNATI, Oct. 22. (AP)—The prosecution of Anna Marie Hahn on a charge of murdering 78-year-old Jacob Wagner won the right today to present testimony concerning the deaths of a number of other aged men it charges were victims of slayings for gain.

Common Pleas Judge Charles S. Bell's decision came after a day of arguments by rival attorneys and after Prosecutor Dudley M. Outcalt declared the state's evidence was complete in Wagner's death, which he said that as a result of the ruling, he had many more witnesses to be heard.

Judge Bell said: "While the general rule unquestionably is that a distinct crime in no way connected with that upon which the defendant stands indicted cannot be given in evidence against one on trial, this rule is not applicable to a case in which a connection between the offense charged and others of a similar nature existed in the mind of the defendant."

The judge then granted a short recess while the defense prepared an objection of an undisclosed nature. Counsel indicated the ruling would alter their plans for defense.

GARBO DENIES RUMORS ABOUT WEDDING BELLS

HOLLYWOOD, Oct. 22. (AP)—The Examiner, in a copyrighted story today, quotes Greta Garbo as saying she and Leopold Stokowski, orchestra conductor, are "very good friends," but "marriage to him is out of the question."

The Swedish film star's name was linked with Stokowski's this week when his wife took up residence in Las Vegas, Nev., reportedly for six weeks, the period necessary to obtain a divorce.

The Examiner said a reporter encountered Miss Garbo yesterday at the gateway to the estate of George Cukor, movie director who has been described as her admirer.

Cukor is in New York, but in his absence his extremely secluded property was made available to the actress for exercise, the paper explained.

NEW BRUNSWICK, N. J., Oct. 22. (AP)—A murder jury of men and one woman will hear budgeted summations by opposing counsel and a judge's charge today and begin its deliberation of the fate of Margaret Drennan.

BARGE IS DOWN WITH 100,000 GALLONS OF OIL

Feared Victim of Storm in Erie; Canada Steamship Lines Ship Safe.

WHITEFISH FLEET MOVES

Oil on the surface of Lake Erie waters caused Coast Guards to believe that the barge Argo which loaded 100,000 gallons of benzol in the Canadian Sault this week, lies at the bottom of the lake, in 40 feet of water.

The barge, in tow of the tug Syosset, was headed for New day when it became the victim of the winter storm that swept the lakes this week.

Officers and men of the vessel, and the vessel itself, suffered no ill-effects during the extended cruise, Coast Guards said. The boat put in at Milwaukee yesterday and then turned eastward to Holland.

At 8:00 o'clock last night there were only five in shelter.

WASHINGTON, Oct. 22. (AP)—President Roosevelt, answering a press conference question today, said it has not been determined whether congress would have to enact new taxes.

The chief executive will confer today with Danie W. Bell, acting budget director, regarding financing for a proposed new corn loan program.

There have been reports consideration might be given to re-imposing processing taxes for the corn program and for the new general farm plan to be offered at the forthcoming special session.

Asked whether he could comment on the possibility of a balanced budget in the next fiscal year in the light of his revamped budget for the current year, Mr. Roosevelt said he could only repeat what he said many times.

Asks New Deal Curb OF CONFERENCE MAY BE ASKED

Sounding Out Italian and German Attitude Before Final Decision.

IS "GREATLY MYSTIFIED"

TOKYO, Oct. 22. (AP)—A foreign office spokesman indicated today that Japan will plead a lack of time in which to make preparations and ask a postponement of the nine-power conference on the Chinese-Japanese situation.

The spokesman said the cabinet council is not expected to decide whether Japan will attend the Oct. 30 meeting at Brussels until next Tuesday after which imperial sanction must be obtained.

"We certainly do not have time to administer all this business," he said, also declaring the Japanese government "is greatly mystified by the lateness of the invitation since it is understood other signatories received theirs long before."

Japan received its invitation to the conference yesterday. There were indications that Tokyo is attempting to learn the attitude of Germany and Italy before making a final decision.

The foreign office source said that Mamoru Shigemitsu, ambassador to Moscow, had gone to Berlin and that Viscount Kimimoto, ambassador to Germany, had left Berlin for Paris en route to Rome.

He admitted they "may confer" regarding the conference of signatories of the nine-power treaty, which guaranteed the integrity of China.

It was said Belgium will be asked to clarify some parts of the invitation's phraseology.

The foreign office source said Japan certainly could not send an envoy from Tokyo to Brussels in time for the conference.

Asked whether Japan will participate in the meeting, the spokesman said: "We can not run counter to the sentiment of the people. You know what that is."

Protest Participation. A number of official and unofficial delegations recently have presented resolutions protesting against any Japanese participation in the conference.

Meanwhile, in North China General Han Fu-Chu, Shantung province governor, was reported moving 70,000 troops across the Japanese army's path.

Yusuke Matsuo, president of the South Manchuria railway company, said he has presented a plan for administering the North China area, but did not disclose details.

Wilfred Cannon Dies in Hospital After \$2,000 Algonquin Fire.

TWO OTHERS ESCAPE

BULLETIN

Wilfred Cannon, 18, of Sprague, Ont., who was burned Thursday when a can of kerosene exploded, died at 2 p. m. today at the War Memorial Hospital.

Wilfred Cannon, 19, of Sprague, Ont., was severely burned Thursday by exploding kerosene, which set fire to the home of Thomas Lowe, at 1730 Chestnut street, causing damage estimated at \$2,000.

Cannon, a half-brother of Thomas Lowe is in the War Memorial hospital, being treated for burns about the legs, body and face.

The explosion occurred as Cannon was pouring kerosene on the kitchen stove fire. The bottom blew out of the kerosene can, spreading the flaming oil over his body.

The one-month old daughter, Evelyn, of Mr. and Mrs. Lowe, who was sleeping in a basket behind the stove, also narrowly escaped burning. Mrs. Lowe, who was coming from the living room into the kitchen at the time of the explosion picked up the child and ran outside. The family dog, which was lying beneath the stove, was smothered to death.

The interior of the house was charred. All of the Lowe's clothing, and much of the furniture were destroyed. The loss is only partly covered by insurance.

"It was awful," said Mrs. Lowe this morning, "there was a big blast and the house was one sheet of flame."

As the Lowe house is some distance away from water, it took 750 feet of hose to reach the fire. The Algonquin department answered the call, and was assisted by the hose truck from the Sault department. Water from the tank of the Sault hose truck aided in putting out the fire.

Cannon, who had been visiting the Lowes since last Tuesday, was getting ready to return to his home Thursday, when the fire occurred.

Although an ambulance from the hospital was sent out, he caught a ride with a truck, and came to the hospital unharmed. He was reported to be resting this noon, although he is severely shocked.
